

# ASI in Energy

---

The ASI provides students an opportunity to show a special interest in energy issues with fewer requirements than the Minor. In addition to Energy Economics, students can choose any other courses approved under the Energy Minor.

The Mines guidelines for Minor/ASI can be found in the Undergraduate Information section of the Mines Catalog.

## Area of Special Interest in Energy

Minimum of 12 credits of acceptable course work:

ENGY200	INTRODUCTION TO ENERGY	3.0
EBGN330	ENERGY ECONOMICS	3.0
Two additional energy-related courses		6.0
<b>Total Semester Hrs</b>		<b>12.0</b>
